Subject matter	Name of Proposer (eg Chief Executive, Chief Constable, Director of Finance)	Date of Request	Previous related decisions
<b>Recontract of Pronto software</b>	<b>ACO Bland</b>	<b>18.12.23</b>	

Private / Exemption - Yes / No If Yes Reason Why (eg Schedule 12A Local Government Act 1972, Freedom of Information Act 2000)	Urgent (if Yes, Why and by When?)
	<b>Yes – the contract needs to be signed by 22<sup>nd</sup> December 23 in order to progress contract before the expiry for the framework on the 21<sup>st</sup> December</b>

Decision Requested		
<b>To agree renewal of the contract for Pronto software for an another 7 yrs.</b>		
Executive Summary of Request	Supporting Report attached?	<p>Y</p>  <p>SCT Decision Paper - Pronto re-contract V4</p>

South Yorkshire Police currently uses the Motorola application, Pronto. The software allows frontline officers to create, edit and view information in Connect and other software applications it is linked to. This functionality supports officers staying out of stations and in their local communities.

There are alternative options to Pronto, however they are not as feature rich, and do not deliver the same functionality. This may change in the upcoming years, however as on now, Pronto is unique in its delivery.

This paper seeks guidance on what term of contract South Yorkshire Police are looking to commit to with Motorola at this renewal. We are aiming to complete procurement before Christmas and are looking for a decision on how long to commit to, particularly in light of the ongoing work around potential replacements for the Force RMS and control room support systems.

It should be noted there is a degree of urgency to this decision as the Framework we procure on expires on the 31<sup>st</sup> of December and due to annual leave we looking to complete procurement activities by the 21<sup>st</sup> December.

At SCT the Force confirmed they would like to sign up to a 7yr deal with Pronto. Due to the length of the contract we have managed to negotiate a very good value price on the contract.

Revenue – 7 Year Term	2022/23	2023/24	2024/25	2025/26	FYE
<b>Total Costs</b>	465,015	465,015	465,015	465,015	465,015
<b>Available Funding</b>	<b>(302,828)</b>	<b>(302,828)</b>	<b>(302,828)</b>	<b>(302,828)</b>	<b>(302,828)</b>
<b>(Surplus)/Requested Funding</b>	162,187	162,187	162,187	162,187	162,187

# PCC Decision Form

7yr Term agreed at SCT 29<sup>th</sup> November as being best value and securing long term price deal.

Approval by proposer (SLG lead / OPCC SMT lead) and confirmation request is ready for PCC consideration

Considerations	Evidence of information or advice gathered or discussion / consultation conducted	How has all this evidence impacted on overall proposal?
Public and / or Partners	There is no new impact on the public of on partners	
Impact on Service	Pronto is software utilised by front line officers, and is well-liked as it makes policing more streamlined and efficient. The impact of Pronto on officers is significant as it improves their processes and makes them more agile out in the public. We have liaised with the Pronto lead in Force, as well as the Tech enabled change team	
Financial	Due to the increase in officers, there is an increase in costs from the previous contract, however the license cost has been secured at very good value for money.	
Legal	The legal impact is that we will be committed to the use of software for the duration of the license agreement, 7yrs	
HR	There are no HR implications	
T/Unions / Staff Assoc.	There are no impacts here	
Equality & Diversity (Public Sector Equality Duty)	There are no impacts here	

## PCC Decision Form

<b>Risks / Opportunities</b>	<p>The duration of the contract presents an opportunity for the Force to further develop and sweat the Pronto application, creating additional efficiencies</p> <p>The risks associated with the recontract, are the possible opportunity cost associated with the length of contract, however this is thought to be minimal given the lack of competition for the product.</p>	
<b>Sustainability</b>	Pronto reduces the use of paper forms, and reduces unnecessary travel back to stations, which contributes to SYPs sustainability agenda	
<b>Data Protection Impact Assessment (DPIA)</b>	The DPIA has highlighted an issue with some HP data that still exists within SYP Pronto from before the systems were split. This is being reviewed with IT and ACC Alton. The Data team has advised a Data Protection Contract will need to be in place with HP until the data can be migrated. This work has been initiated.	
<b>Other (specify)</b>

## Views of PCC's Chief Finance & Commissioning Officer

I support this on the basis of the additional work the Deputy CFO has done, and the associated responses. Pronto is a critical system and needs to be working properly. As usual, equal savings will be needed to offset the spending pressure and to balance the budget in future years.
